SKILLS

Technical Skills

Python | Algorithms and data structures | Java programming skills | SQL | Core Java | HTML | Problem Solving | Git | Machine Learning | Matlab

Soft Skills

Leadership skills | Negotiations | communication skills

CERTIFICATIONS

Programming In Java
Jan 2022 - Apr 2022

NPTEL course by IIT kharagpur

Machine Learning
Apr 2022 - Jul 2023

Machine Learning course in one stop

Artificial Intelligence
Nov 2021 - Apr 2022

AI course by Verzeo

Google Data Analytics
Jul 2022 - Feb 2023

Google Data Analytics Course in CourseEra by Google

SUMMARY

- Graduate successfully completed 2 months project on machine learning in one stop
- won 1st prize** in coding contest conducted in our college by coding club

ACCOMPLISHMENTS

- Attended various coding contests on Hackerrank and Got good score.
- Completed coursework and projects in programming languages including Java, Python, and C, demonstrating a solid foundation in software development.
- Participated in coding competitions and hackathons, demonstrating a passion for coding and problem-solving.
- Maintained an active presence on online coding platforms and forums
- Developed a basic understanding of software development principles, such as object-oriented programming, data structures, algorithms, and database design.

WORK EXPERIENCE

Software Developer Intern
CogniSaaS, online

Nov 2022 - Feb 2023

Software Developer Intern
Nbyula - Skillizens without Borders, Bengaluru, Karnataka

Jan 2023 - Present

PROJECTS

Machine Learning

Dec 2021 - Jun 2022

- Build a machine learning model that can classify images.

Data Analysis

Aug 2022 - Jan 2023

- Used Python to analyze a large datasets, performing tasks such as data cleaning, exploratory data analysis, and predictive modeling.

EDUCATION

: Electronics and Communication Engineering
Sri Venkateswara University

Feb 2020 - Present
CGPA: 8.5

- Lead the class as a CR for 6 months

: Intermediate
Nano Junior College

Aug 2018 - Mar 2020
96.5%
